Switchuation 2024 – Javascript/JS Framework Development

Submission Format
Switchuation (Javascript/JS Framework)
Submission: [Team Name]

Idea

Write the idea that you have received.

HTML and CSS Code

Write a short description about the HTML CSS implementation that you have received.

Link to the implementation: [insert link].

Javascript/JS Framework

Our team added interactivity to the given HTML CSS code using [Javascript or JS framework]. We [explain the solution in detail]. We believe that our solution will be effective in [achieving the desired outcome].

Attributes of the Implementation

Our Javascript implementation is unique and marked by the following factors/special features:

- [Differentiating factor 1]

- [Differentiating factor 2]
- [Differentiating factor 3]

Implementation Process

Our team followed a rigorous and iterative process to arrive at this implementation, involving constant feedback and improvement. The process consisted of several stages:

1. Ideation: We brainstormed and generated several ideas for the JS implementation of the solution.
2. Prototyping: We created several prototypes of our implementation ideas and tested each one.
3. Refinement: We refined our implementation based on feedback from users and experts in the field, and the guidance we received at the hackathon.

Team Members

Our team consists of the following members:

- [Insert team member name] - [Insert role in implementation of the solution]
- [Insert team member name] - [Insert role in implementation of the solution]
- [Insert team member name] - [Insert role in implementation of the solution]
- [Insert team member name] - [Insert role in implementation of the solution]

Each member played a vital role in implementing the JS aspect of the project, and we are proud of what we have accomplished together.

Thank you for considering our submission.
